Urban Tracking with Ed Presnall & Debbie Maheu

A Component Training™ Workshop

Introductory and Advanced Tracking (TDU) Workshop – 2 Days

University of New Orleans, New Orleans, LA

Sponsored by

Deep South All-Breed Obedience Training Club

and

Louisiana Capitol City Obedience Club

We will take your puppy, older dog, or started dog to the next level in one weekend!

If you came to our workshop last year you know how far you advanced. From straight tracks to multiple turns, crossing sidewalks, roads, parking lots, island jumping and more. This year will be even better! If you are a beginner to urban tracking, you will learn the basics of what is required to prepare you for a TD or TDU test. As an advanced tracker we will prepare you for your first TD or TDU test!

Louisiana Capitol City Obedience Club is planning to hold a TD & TDU Test on Feb 18, 2024. This workshop will help the advanced students prepare for the test. Ed Presnall & Debbie Maheu are scheduled to judge the test.

Saturday, we will separate you into groups by skill level. Beginners will start on basic routines and transitions while the advanced level will work on advanced components, distractions, and teamwork.

Except in a weather emergency, dogs are not allowed in any building on the campus. As stated in the registration papers and Rules, you are expected to clean up after your dog.

We promise you a weekend filled with tracking, learning, watching, and doing ... not just listening. We want you to have an enjoyable experience and to be able to ask any question or make any comment without worrying about being "*politically correct*". We are here to help guide you and show you a toolbox full of ideas and tools which can make your journey to your TD or TDU title easier.
